Total 104			21397	434

SRI P. A. PAWASE.— As per the statement furnished, in Basarakatti there are 200 students and only 2 teachers, at Rajahansagad, there are 119 students and only two teachers and at Attiwadi there are 102 students and only one teacher. May I know the difficulty the department is having to provide adequate number of teachers?

† SRI P. F. RODRIGUES.— It will be looked into.

SRI P. A. PAWASE.— The total number of Marathi students studying is 21,397 and the total number of teachers is only 434. Is it not a fact that about hundred teachers are less and if so, is the Government going to take action to fill the posts as early as possible?

† Indicate that remarks or speeches have not been revised by the member concerned.

SRI P. F. RODRIGUES.— It will be looked into.

SRI B. B. SAYANAK.— Is this not intentional neglect of the Marathi students, on the part of the Government ?

SRI P. F. RODRIGUES.—That statement is not quite correct.

MR. SPEAKER.— Question Nos. 211 will be taken up later as the Minister concerned is not here at present.

SRI B. B. SAYANAK.—All the concerned Ministers are absent at the time of question hour. You are repeatedly requesting the Hon'ble Ministers to be present. We are spending lot of money to get replies to the Questions.

MR. SPEAKER.—The matter has already been brought to the notice of the Government.

SRI P. A. PAWASE.—If it is not possible for a concerned Minister to be present, let him authorise somebody else to answer on his behalf.
